

"The Voice of Hawaii's Fisherman"

Hawaii State Record Fish Application

Please furnish as much information on this form as possible.

1. Have fish weighed and measured in the presence of a witness who signs the official entry blank or other acceptable weight slip.
2. How to weigh: Fish must be weighed on an accurate scale which is subject to verification. Preferably, include a high-quality photo of the scale showing the weight.
3. How to measure: Measure from the tip of the jaw to middle of fork of tail (this is length). Measure around the fish where it is thickest (this is girth).
4. Entry should include clear side-view photograph of fish. Include a photo of the applicant with the fish.
5. You will be notified upon acceptance & verification.
